***Allowable Subject Matter***

1. Claims 1-6 are allowable over the prior art of record. The primary reason for the allowance of claim 1 is the inclusion of the limitation "wherein a time period, over which the frequency dividing rate different from the reference frequency dividing rate is set, is set shorter than an operating time constant of the frequency dividing rate setting unit" which is not found in the prior art references of record and discussed in Applicant's arguments on page 9 of the amendment filed September 22, 2004. Claims 2-6 are allowable for the reasons specified in previous Office actions.
